## VLX Hardtail Conversion Lowering Kit

Scotworks hardtail conversion lowering kit fits the popular Honda Shadow VLX / VT-600 / Steed Motorcycles from 1988 to present. This hardtail kit gives you the **LOWEST** ride possible! This kit is extremely easy to install, and comes complete, and ready to install. No modifications are needed to install on your bike, just replace your rear shock with this great accessory.

This hardtail strut is precision manufactured of high strength T6160 billet aluminum for long lasting durability and light weight. This kit lowered the seat height of the Scotworks VLX down to 24 ½ inches (622 mm) with the stock seat and rear tire. What a L-O-W ride!

### *VLX Hardtail Conversion Lowering Kit Features:*

- Gives you the lowest ride possible.
- Durable black powder coat finish for a long life.
- Easy to install, and comes complete with illustrated instruction manual for installation.
- Absolutely no modifications are needed to your bike to install this kit.
